We are almost certain that this individual is one who previously lived in California and who had apparently had sex with [REDACTED] at that time.

We just want to alert you to this potential problem and again ask that you send us a Confidential Record Sheet so that we can place this person on a precautionary file and notify a Scout Executive wherever he might move.

The information which we have is all verbal and, therefore, we cannot refuse registration with out more concrete information.

If you wish to discuss this please do not hesitate to call me.

Sincerely,

PERSONAL AND CONFIDENTIAL

SUBJECT: Glen Howard Sexton

Dear Bill:

Some time ago we had communication concerning an individual by the name of Glen Howard Sexton. You may remember this name. This individual is registered in your council in Post 2898.

We were concerned if this could be the same individual who was previously living in Alaska and then later in California. There are some problems if this is true and we would like to know if you have found this to be the case.

I do not find anything in writing from you and would like some information in writing which would substantiate this registration. It is very possible that we would want to refuse registration at this time, if the individual is still active.

Sincerely,

Paul I. Ernst, Director
